Commissioner for Patents

Alexandria, VA 22313-1450

Sir:

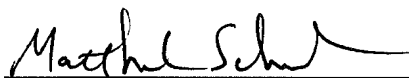

This application is a U.S. national stage application based on an earlier-filed international application. This application also claims priority to an earlier filed Swedish application. The Notice of Acceptance of Application Under 35 U.S.C. § 371 and 37 C.F.R. § 1.495 issued on September 5, 2008 in this application confirms that the International Bureau furnished a copy of the Swedish priority document to the U.S. Patent and Trademark Office in this application. However, the Official Action issued on June 8, 2009 in this application, and the recently issued Notice of Allowability, do not acknowledge receipt of the copy of the priority document.

The Examiner is kindly asked to acknowledge receipt of the Swedish priority document.

Respectfully submitted,

BUCHANAN INGERSOLL & ROONEY PC
